

INACTIVE Barents Sea king crab - pot/trap (Keyport LLC)

Overview

FIP Description

NOTE: This FIP is inactive.

A preliminary assessment of the fishery indicated it met the MSC standard in 2014. Through 2015 and 2016 it was monitored for areas needing improvement.

How is this FIP Doing?

Current Status:

% of Indicators Tracked Basic FIPs may focus their workplans on a subset of the indicators. This shows the proportion of total indicators the FIP is working on.

Actions Progress This shows the proportion of actions in the workplan that the FIP has completed.

Actions Overview This shows the proportion of actions that are behind schedule, on track, completed, or not yet started.

Behind	On Track	Complete	Future
100%	0%	0%	0%

FIP Objective(s)

1. Monitor the Barent Sea king crab fisheries for progress toward meeting the MSC standard.
2. Support research looking into crab fishing as a control on invasive species in the Barents Sea.
