This fishery improvement project started due to the Public Certification Report of the "Eastern Pacific Ocean tropical tuna - purse seine (TUNACONS)" fishery.

TUNACONS started as a FIP and is now a Foundation that is in charge of maintaining the certifications obtained in the long term and working on the ones that are needed for all the species of its fishery to be certified:

[yellowfin tuna \(MSC certified on July 7, 2022\)](#), [skipjack](#) and **bigeye** tuna which are the target species of this FIP.
