

**CÓDIGO DE CONDUCTA AMBIENTAL  
DE LOS ACTORES DE LA PESQUERÍA DE LANGOSTINO  
(*PLEOTICUS MUELLERI*) EN AGUAS NACIONALES DE LA REPÚBLICA ARGENTINA**

El presente Código es vinculante para las empresas signatarias. Abarca las operaciones pesqueras efectuadas por las embarcaciones de propiedad o proveedoras de las empresas signatarias en aguas nacionales de la República Argentina dirigidas a la explotación del langostino (*Pleoticus muelleri*), y la gestión e investigaciones pesqueras aplicables a la conservación de ese recurso, su fauna acompañante y su ecosistema marino asociado.

Los objetivos de este Código son los siguientes:

- a. Establecer principios para que las operaciones de pesca de langostino offshore se lleven a cabo de forma responsable, teniendo en cuenta los aspectos biológicos y ambientales pertinentes.
- b. Servir como instrumento de referencia para ayudar al Estado a mejorar el marco legal nacional para el ejercicio de la pesca responsable.
- c. Promover la explotación sostenible del langostino y minimizar el impacto ambiental de la pesquería offshore para mantener la estructura, productividad, función y diversidad del ecosistema del cual depende la pesquería, incluyendo otras especies no-objetivo y hábitats.

Con el fin de alcanzar los objetivos mencionados anteriormente, se establecen los siguientes compromisos:

1. Los actores de la pesquería en aguas nacionales de langostino abajo firmantes se comprometen a informar a la autoridad pesquera con exactitud acerca de los datos de capturas y desembarques de la especie objetivo de la pesquería.
2. Los actores de la pesquería en aguas nacionales de langostino abajo firmantes se comprometen a contribuir a la evaluación anual de los impactos de la pesquería en el stock objetivo y en el ecosistema en general, y a propugnar la incorporación, en el sistema de gestión, de objetivos relacionados con los impactos ecosistémicos de la pesquería. La evaluación de impactos debe ser puesta a disposición del público de manera oportuna para contribuir a una gestión transparente y participativa de los mismos.
3. En aquellos casos en los que los impactos puedan ocasionar consecuencias irreversibles o difícilmente reversibles, los actores de la pesquería en aguas nacionales de langostino abajo firmantes se comprometen a propugnar la adopción de medidas correctivas inmediatas para reducir tales impactos a niveles aceptables.
4. Los actores de la pesquería en aguas nacionales de langostino abajo firmantes se comprometen a cumplir con las leyes, regulaciones y políticas definidas por los

organismos competentes, para minimizar y/o mantener en un mínimo el descarte en las operaciones de pesca.

5. Los actores de la pesquería en aguas nacionales de langostino abajo firmantes se comprometen a impulsar e implementar las regulaciones, políticas, programas y medidas de administración orientadas a la disminución de las capturas incidentales y daños incidentales, con énfasis en especies vulnerables (rayas y tiburones, mamíferos marinos y aves). Donde las capturas sean inevitables, se propugnarán e implementarán soluciones para liberar vivos, y en condiciones de supervivencia a la mayor cantidad de ejemplares posibles.
6. Los actores de la pesquería en aguas nacionales de langostino abajo firmantes, se comprometen a cumplir con las leyes, regulaciones y políticas definidas por los organismos competentes, para la preservación de las especies en peligro de extinción, amenazadas o protegidas, así como a registrar e informar toda interacción con dichas especies.
7. Los actores de la pesquería en aguas nacionales de langostino abajo firmantes se comprometen a impulsar e implementar regulaciones, políticas y programas oficiales y propios que protegen los hábitats marinos donde dichas medidas sean necesarias.
8. Los actores de la pesquería en aguas nacionales de langostino abajo firmantes se comprometen a cumplir con la normativa ambiental relacionada con el vertido de efluentes, plásticos y otros contaminantes en el océano.
