Desti Setiyowati,

I had the pleasure to read your report: KAJIAN STOK RAJUNGAN (Portunus pelagicus) DI PERAIRAN LAUT JAWA, KABUPATEN JEPARA

I found the science very solid and the presentation very good. I am managing a rajunang (blue swimming crab) Fishery Improvement Project in Jepara and we are conducting a workshop from October 16-20 in Jepara and I would like to meet with you and discuss your research and how we could possibly collaborate with you and UNISNU.

Terima kasih,
