<p><i>Update as of July 2018</i></p> <p>Key Traceability aligned with relevant organisations such as joining with the ISSF. Further to this, Key Traceability requested to join the MSC Tuna Harmonisation, which has currently been stalled somewhat but they shall keep us engaged.</p> <p>We regularly monitor additional new fisheries within the region entering FIPs and those entering MSC assessment to successfully align ourselves with.</p> <p>Future plans include attending the ISSF FIP Support meetings and engaging with other fisheries, namely the Taiwanese Boat Owners association.</p>
