

FOCUS GROUP DISCUSSION (FGD) DATA COLLECTION ON CAPTURE FISHERIES STATISTICS August 2024

Bogor, 29-31 August 2024. In order to strengthen data collection and improve the quality of statistical data capture fisheries, as well as in order to gather input from relevant stakeholders, the Ministry of Marine Affairs and Fisheries conduct Focus Group Discussion (FGD) Data Collection on Capture Fisheries Statistics. This activity was attended by several associations including APRI through the Chairman of APRI, namely Ir. Kuncoro Catur Nugroho, MM. together with Research and Executive Director of APRI, namely Dr. Ayu Ervinia attended an important discussion to discuss together regarding e-logbook data collection.

In strengthening data, the government through this FGD is to provide strengthening of data collection in the field so that the quality of data obtained is accurate and valid as well as collecting data by stakeholders such as associations for volume and value data which will later be processed into one ministry data.
