

Handover Vessels License Document to 13 Fishermen in Pamekasan

July 2024

On 3 July 2024, Fisheries Agency in Pamekasan with APRI Handover of vessel license documents (PAS Kecil) to 13 Fishermen. Several fishermen's wives represented the submission of vessels license by Fisheries Agency of Pamekasan and were accompanied by APRI, this document has many benefits, especially for small vessel fishermen. Head of Fisheries Agency of Pamekasan Mr. Abdul Fata give a small vessel license with APRI Field support in the house of one of the fishermen. Fisheries Agency in Pamekasan continue to support the acceleration of licensing of small PAS documents with collaboration with Field Support Team such as APRI Field support and fisheries extension.

PAS Kecil Documents is an important document in the form of a certificate that can be used for ship ownership, ship nationality certificate, sailing documents, even business credit guarantees, as well as providing convenience in collecting data if there is danger at sea while sailing.

According to Lailatul Q., assisting PAS Kecil is very important to make things easier for small fishermen and the role of the government and related agencies is also very cooperative.
