

# ASOSIASI PENGELOLAAN RAJUNGAN INDONESIA INDONESIAN BLUE SWIMMING CRAB ASSOCIATION

## MEETING WITH FISHER COMMUNITIES IN PASURUAN

August 2023

August 29, 2023, APRI collaboration with Agency of Fisheries of Pasuruan District carried out the agenda of the crab fishermen meeting in Semedusari village, Pasuruan, East Java. The Head of the Capture Fisheries Department, Mr. Ahmad Sholah accompanied by staff explained the profile of fishermen in Semedusari, Pasuruan to socialize sustainable fisheries with environmentally friendly fishing gear, and APRI also conveying several programs for sustainability for fishermen so they know the importance of preserving nature in welfare fishermen in Pasuruan, East Java.

This activity also socialized the action plan, harvest strategy, and harvest control rule that already established in East Java Province. Mr. Sigit Afendy from the Capture Fisheries Department of Agency of Fisheries of Pasuruan explaining every point of the action plan that need to be implemented including the environmentally freindedly fishing gear, vessel registration, development of conservation zone, etc. This socialization also provided posters for regulations for environmentally friendly fishing gear and the ETP species so that the fishermen can be aware of them.
