Dear Kat Collison,

I am writing to confirm that the tender process for implementing an EM program for the Liencheng Fishery Improvement Project has been completed. A detailed request for proposals was sent out to qualified EM providers and suitable bids have since been received. The project team is now finalizing bid selection, contracting terms, and expect to soon proceed with EM installation and program implementation.

Please let us know if you require any additional information regarding the completion of this activity.

Sincerely,

Ben Gilmer
