Training on the Sustainability Fisheries and Environmentally Friendly Fishing Gear with Fisher Communities and Fisheries Supply Chain in Pasuruan, East Java

June 2023

All representatives of fishermen from various villages in Pasuruan participated in the training activity on controlling fisheries resources and fishing routes held by the Agency of Fisheries of Pasuruan District. The Head of the Capture Department of the Agency of Fisheries of Pasuruan District, Mr. Ahmad Solah, expressed the importance of this training through direct approaches to fishermen by having direct discussions with fishermen in order to maintain fishery sustainability in Pasuruan.

Kegiatan Pembinaan Pengendalian Sumberdaya Perikanan dan Jalur Penangkapan Ikan

Jumat, 23 Juni 2023. Nelayan antusias hadir kegiatan yang di laksanakan oleh Dinas Perikanan Kabupaten Pasuruan terkait Pembinaan Pengendalian Sumberdaya Perikanan dan Jalur Penangkapan Ikan.

Seluruh perwakilan nelayan rajungan dari berbagai desa di Pasuruan turut hadir dan berdiskusi bersama dengan Kepala Bidang Tangkap Dinas Perikanan Kabupaten Pasuruan, Bapak Ahmad Solah dan Bapak Priyono dari POLAIRUD serta Bapak Yanuar dari PDSKP.

APRI juga turut memaparkan terkait program-program yang dilakukan oleh nelayan APRI untuk menjaga sumber daya rajungan tetap lestari yang nantinya diharapkan dapat di replikasi dan dikelola oleh nelayan rajungan dengan harapan nelayan dapat mandiri dan sejahtera.
