

**AZTI**

Txatxarramendi ugartea, z/g  
E-48395, Sukarrieta-Bizkaia (Spain)

To whom it may concern:

We hereby inform you that that during 2023 the AGAC association continues to provide information on the positions and acoustic records of the buoys used for FAD fishing in the Indian Ocean by the vessels of all the companies belonging to its organization. This information is used by AZTI, among other purposes, to support the provision of abundance indices that contribute to improve the stock assessment of tropical tunas in the IOTC Convention Area.

June 08, 2023

Dr. Josu Santiago Burrutxaga  
Head of Tuna Research Area
