紹葳、漁業署各位長官您好，

感謝漁業署遠洋漁業組（TFA）業務繁重之餘，仍願意以文書方式，提供FIP利益相關者針對漁業管理及FIP永續計畫進行意見交換及相關諮詢。

為協助業者提交每半年應更新之FIP定期報告，本會議原訂每半年召開一次。為持續就遠洋延繩釣漁業相關政策、FIP推動及國際合作議題進行意見交流，原預定於 2025 下半年度召開之會議，改以紙本審閱方式進行，Ocean Outcomes 已先行彙整業者及漁會主要議題及建議問題，敬請貴署參酌並提供書面回覆，以作為FIP定期報告、後續計劃執行與國內政策與國際市場要求緊密合作相關協助，詳見附件。

Hi Shao-Wei and Taiwan Fisheries Agency,

We thank the Fisheries Agency (TFA) Distant Water Fisheries Division for its willingness to provide written communication to FIP stakeholders regarding fisheries management and the FIP Sustainability Plan, despite its recent heavy workload.

To assist with requirements in submitting the FIP periodic reports that should be updated every six months, this meeting was originally scheduled to be held every six months. To continue communication and exchange of views on distant water longline fishery policies, FIP promotion progress, and international cooperation, the meeting originally scheduled for the second half of 2025 has been postponed. Instead, it will be conducted in a paper-based review format. Ocean Outcomes has already compiled the key issues and questions from industry and fishery associations.

We kindly invite TFA to review this document and provide written responses or comments for reference in supporting the FIP's regular reporting, subsequent plan implementation cooperation, and the alignment of domestic policies with international market requirements, please refer to the attachment.
