RE: CONFIRMATION OF USAGE OF CALIPSEO DATA MANAGEMENT
TEMPLATE – FAO/GOG

Dear Sir,

This correspondence serves to confirm that approval have been granted by the Chief Fisheries Officer as provided for under the Fisheries Act of 1986, and in compliance with the regulations set out by the International Convention on the Conservation of Atlantic Tuna (ICCAT); in accordance with the provisions of paragraph 3 of the Recommendation on Penalties Applicable in Case of non-Fulfillment of Reporting Obligations (Recommendation 11-15).

Accordingly, the Chief Fisheries officer in his capacity to represent the Minister hereby authorizes the usage of the Calipseo (Data reporting forms) submitted to your establishment through FAO, in consultation with ICCAT and the Government of Grenada.

The purpose of the new Calipseo template is to upgrade and capture data that would support the Fisheries sector in providing the most accurate and up to

date data for its reporting obligations. This new template also aims to reduce effort of lengthy data collection that often leads to inaccurate information.

The Fisheries Division thanks you for your support and anticipates your continued cooperation in this critical matter.

Sincerely,

A handwritten signature in blue ink, appearing to be 'JR', enclosed within a circular scribble.

Justin Rennie (Mr.)
Chief Fisheries Officer
