Dear Ms. Lai and Mr. Wu,

I hope this email finds you well.

My name is Kevin Lin, and I am the Taiwan Fishery Improvement Officer at Ocean Outcomes.

I am writing on behalf of Fue Shin Fishery Co., Ltd in support of urgently needed tuna management measures in the Indian Ocean, a region for which our government serves as an important leader and participant of the Indian Ocean Tuna Commission (IOTC).

We work closely with Ocean Outcomes (O2), a global organization of scientists, seafood industry experts, social and environmental specialists. O2's mission is to improve the sustainability of fisheries and seafood supplies and their contributions to our collective environmental, social and economic well being.

Fue Shin Fishery Co., Ltd is concerned with the status of the tuna stocks in the Indian Ocean and their effective management. We operate in this region and the sustainability of these stocks is integral to not only our business, but also to the overall marine environment.

We strongly urge our government to take positions to ensure the IOTC takes action at the 2025 Annual Meeting of the IOTC Commission on these top priorities: (For details for each topic please refer to the attachment)

- **Compliance**
- **Tuna Stock Conservation**
- **Bycatch Mitigation and Shark Protections**
- **Electronic Monitoring and Reporting and Observer Coverage**
- **Effective Management Procedures (Harvest Strategies)**
- **Vessel Monitoring Systems and Port State Measures**
- **Labor and Social Issues in Tuna Fisheries**

We also enclosed a NGO-Advocacy-Letter to support our government.

親愛的賴科長、吳科員您好：

希望您一切安好。

我是林凱文，目前於Ocean Outcomes(O2)擔任台灣漁業精進專員。

謹代表綜信漁業股份有限公司撰寫此信，以表達對印度洋鮪魚資源管理措施的迫切支持。貴署在印度洋鮪類委員會 (IOTC) 中，身為重要領導者與成員之一，對該區域的管理具有關鍵影響力。

綜信漁業股份有限公司與 O2 密切合作。O2 是一個由科學家、水產品產業專家、社會與環境領域專業人士所組成的國際組織，致力於提升漁業與水產品供應鏈的永續性，並促進其對環境、社會與經濟福祉的正面貢獻。

綜信漁業股份有限公司對印度洋鮪魚資源現況及其有效管理深感關切。我們長期於該區域作業，這些漁業資源的永續發展不僅攸關本公司的營運，更影響整體海洋環境的健全。

我們誠摯呼籲我國政府在即將於2025年召開的IOTC年會上，積極主張並推動以下優先議題（詳情請參見附件）：

- 合規性
- 鮪魚資源保育

- 混獲減緩與鯊魚保護
- 電子監測與通報及觀察員覆蓋率
- 有效管理程序（捕撈策略）
- 漁船監控系統與港口國措施
- 鮪魚漁業中的勞動與社會議題

我們亦附上國際非政府組織共同聯署的倡議函，以支持我國政府於上述議題上的立場。

謹此致意，敬祈 貴署持續領導我國於國際漁業資源管理上發揮積極角色。

--
